

Humboldt Bay Municipal Water District Water Resources Planning

AGENDA

Join the FLOW-Frank Language About Our Water

PUBLIC MEETINGS ROUND #2 (GENERATE OPTIONS)

When: February 1, 2010
Where: Humboldt Area Foundation (373 Indianola Rd, Bayside)
Time: Two Sessions: 3:00-5:00pm and 5:30-7:30 pm

Purpose:

To educate participants about the Water District's current situation and provide them information so they can effectively generate informed options about possible ways to respond to the current situation.

This meeting is geared toward those who were not able to attend the Water Workshop on January 19th. Prior to attending this meeting, we suggest you go www.hbmwd.com and review the presentations given at the workshop or check out the schedule of times when the workshop is being aired on Access Television. This will provide you with a more solid background regarding the issues the District is facing. Thank you for your interest in this important issue.
